

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labelling.

Do not apply this product in any way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements to your State or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

### READ ALL PRECAUTIONS BEFORE USE.

Use only in swimming pools and add only when no bathers are present. Bathers can return to pool in 15 minutes.

NOTE: 1 SCOOP = 8 OUNCES. 2 SCOOPS = 1 POUND

### STARTUP:

1. Balance pool water as follows: Calcium Hardness: 200 ppm; pH: 7.2-7.6; Total Alkalinity: 80-120 ppm.
2. For initial treatment, or when opening pools for the season, add 2 lbs (4 scoops) per 10,000 gallons of pool water.
3. Follow manufacturer's instructions for sanitizer/oxidizer levels.

### WEEKLY CARE:

1. Add this product to pool water at the rate of 1 lb per 10,000 gallons (2 scoops) preferably near a return jet.
2. For use with Chlorine, Bromine, Salt Chlorine Generators, UV and Ozone Generators: Follow manufacturer's instructions.
3. Test water and maintain water balance.

### MONTHLY:

Take water sample to your Authorized Dealer for complete testing. Balance pH, Total Alkalinity and Calcium Hardness.

### WINTERIZING (POOL CLOSING):

Add this product at the rate of 2 lbs (4 scoops) per 10,000 gallons to oxidize contaminants and protect from algae through the winter.

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Keep this product dry in the enclosed container when not in use. Do not replace moist scoop into container. Store in cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container(s), if possible, and flood area with large amounts of water to dissolve all materials before discarding this container.

**PESTICIDE DISPOSAL:** Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of according to label instructions, contact your local State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling if available or place in trash or in a sanitary landfill.
