Broad Description:

The X6 Slide is a sturdy, durable roto-molded slide with enclosed plumbing for a clean finished look. The X6 Slide is available in Silver Quartz or Blue Quartz finishes.

Utilization:

The X6 is intended for in-ground residential swimming pools only. Our multi point anchoring system allows the X6 to accommodate most geographical regions. The slide is rated for a maximum of 275 lb. (124.7 kg) for its riders.

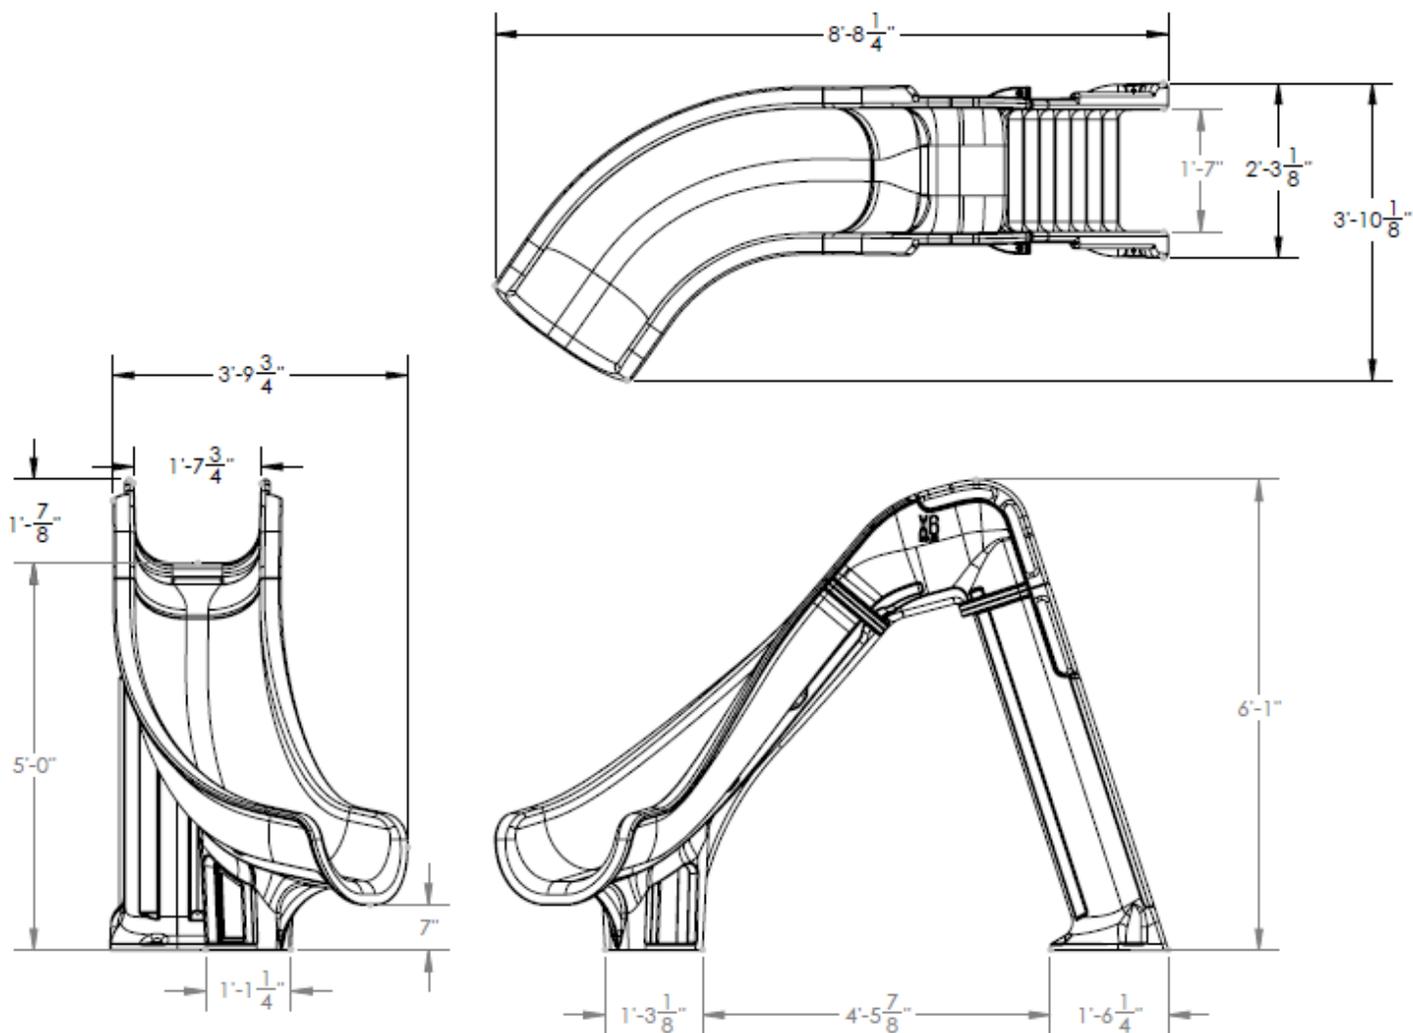

Specifications:

- The ladder is enclosed with eight (8) coping style steps for a safe and easy climbing.
- The two (2) handrails are roto-molded into the ladder with two (2) optional widths for a comfortable climb for most riders.
- The slide runway has a 19.5 inch wide seating area made of a thick, durable roto-molded plastic.
- Water is delivered with a 3/4" PVC hose to allow maximum water coverage on the flume at 15 gpm.
- The X6 Slide is anchored to the pool deck with 1/2" diameter stainless anchor studs with attaching hardware.
